Dear Sir or Madam:

This is in response to your inquiry of August 13, 1993, requesting a copy of your determination letter.

Our records indicate that by a determination letter issued in December of 1986, your organization was recognized as exempt from Federal income tax under section 501(c)(3) of the Internal Revenue Code of 1954. That letter is still in effect.

Based on information subsequently submitted, we classified your organization as one that is not a private foundation within the meaning of section 509(a) of the Code because you are an organization described in section 509(a)(2).

The classification was based on the assumption that your operations would continue as stated in the application. If your sources of support, or your purposes, character, or method of operations have changed, please let us know so we can consider the effect of the change on your exempt status and foundation status.

As of January 1, 1984, you are liable for taxes under Federal Insurance Contributions Act (social security taxes) on remuneration of $100 or more you pay to each of your employees during a calendar year. You are not liable for the tax imposed under the Federal Unemployment Tax Act (FUTA).

Organizations that are not private foundations are not subject to the excise taxes under Chapter 42 of the Code. However, you are not automatically exempt from other Federal excise taxes. If you have any questions about excise, employment, or other Federal taxes, please let us know.

Donors may deduct contributions to you as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to you or for your use are deductible for Federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

Sincerely yours,

Robert T. Johnson
District Director
